Professional profile:

Frank Behnke was born in Tokyo/Japan and grew up to his 11th age multilingual in Asia. After having worked for many years as a banker and a classically trained stage and film actor, as well as a spokesman for several German telestations, he has become the perfect interface between art and commerce.

As a native English and German speaker, he is active since 2001 as a consultant for executives throughout Europe and abroad. Relevant to your practice and due to his long-time experience in media and coaching, he discovers together with you the hidden potentials of your personal expression and deliberate control of your effect.
